RE: Exclusive Reseller Authorization Letter for IUCC/Machba Universities

Dear Sigal:

Thank you for your interest in finalizing the Unlimited Site License (“Program”) between Wolfram Research, Inc. (“WRI”) and the IUCC/Machba University System (“University”). This letter verifies that WRI is the sole manufacturer of *Mathematica* software and the sole source of copies of *Mathematica* under the Unlimited Site License Program and other academic purchase programs for the University and other academic institutions. Further, we attest that Engineering Systems Lab Ltd is the sole supplier for the IUCC/Machba University System.

Please feel free to contact me if you have any questions or concerns.

Sincerely,

Craig Bauling
