Re: Wolfram Mathematica Licensing

To Mr. Natan Avrham,

Wolfram Research, Inc. is the developer of Wolfram Mathematica, one of the world's most powerful technical computing systems. Wolfram Mathematica is a copyrighted software product, which can be verified by searching in the United States Patent and Trademark Office website (http://tmsearch.uspto.gov). The registration number for Wolfram Mathematica is 3968223 and the serial number is 77161098.

Wolfram Mathematica unlimited site licenses are solely sourced by Engineering Software Lab (ESL) in Israel.
